ROUND 4 OF THE T BONE RACING JUNIOR ENDURO SERIES – BULWER – 17 August 2017

The week prior to Round 4, was an anxious one as we watched the country experience its coldest week of the year. I had visions of an icy, sleet lined track with tiny motorbike wheels slipping and sliding into no-man’s land. However, although it was probably the coldest place on the planet, Bulwer pulled out all the stops and gave us a magnificent clear, dry day- as only KZN winter days can be!

The order of events was High School class, followed by the 65cc / 85cc class, and for the first time this year, the 50cc parents got to sleep in.

We closed entries with 79 racers. As we were expecting 60, hoping for 80 and wishing for 100 – we were very happy with our line up. Our podiums looked as follows:-

50cc	65cc	85cc	High School - JNR	High School - SNR	Ladies
Brandon Clarke	Tristan Hedgcock	Matt Henderson	Adam Bac	Trent Spiers	Lanza VD Mescht
Luca Dos Santos	Luke Walker	Josh Johnson	Cameron West	Franco Louw	Keri Packham
Tyler Smith	Matt Stevens	Cayden Purchase	Ryan Sequiera	Reinhard Kritzinger	Catherine Mostert

We are now on the home stretch to the season finale of the T Bone Racing Junior Enduro Series – which will see Round 5 and 6 as a double header in Matatiele at the end of September. The 2 day festival promises to pull out all the stops – with a race around the town kicking off the weekend’s festivities.

Junior Enduro has taken the South African motorsport scene by storm this year. As we are nurturing tomorrow’s heroes, the champions that will ensure the future of our sport – this is one series to watch!

Kind regards

Graham and Jules Hedgcock
